BPIT

BRIEF SUMMARY

A passionate DevOps and Full Stack (MERN) developer with hands-on experience in building scalable applications and managing cloud-based infrastructures. My core expertise lies in DevOps practices, including tools like Linux, GitHub, AWS, Docker, Jenkins, GitHub Actions, Kubernetes, Ansible, and Terraform. On the development side, I am proficient in React.js, Node.js, MongoDB, and Express.js. I am seeking opportunities where I can contribute my technical skills to streamline development pipelines and deliver efficient, modern web solutions. Looking forward to a challenging role that encourages continuous learning and growth while adding value to the organization.
